1. The *Second Report and Order and Memorandum Opinion and Order* ("Order") in this proceeding, FCC 03-149, released July 17, 2003, is corrected as shown below.
2. In paragraph 59 of the text of the *Order*, we are correcting the effective date of the rules adopted in this proceeding. Specifically, the effective date is changed from 120 days after publication in the Federal Register to 30 days after publication in the Federal Register.
3. In paragraph 19 of Appendix A of the *Order*, we are correcting Section 15.225(d) to read "the general radiated emission limits in § 15.209," rather than "30 microvolts/meter at 30 meters."
